## **EXPERIENCE AS CONSULTANT PLASTIC SURGEON**

**Locum Consultant Plastic Surgeon**  
**Belfast, Northern Ireland**  
**(1 Year)**

After passing my Specialty Examination, FRCS (Plast) in 1998, I obtained this experience of working independently. It was a replacement job and had all the routine sessions, including new and follow up out-patients, elective and emergency lists.

**Assistant Professor Plastic Surgery**  
**Multan, Pakistan**  
**(3 Years)**

I have this very useful experience from Pakistan. I joined Nishtar Hospital, Multan in January 1999, which is a teaching hospital providing services to millions of people. This hospital had no Plastic Surgery Unit. I was given the task of establishing a new Burns and Plastic Surgery Unit, which was successfully completed. It gave me a chance to learn the management side of an organisation.
